Smart Retail Solutions

Enhancing Every Shopping Moment with Innovation

In the digital transformation era, Axiomtek empowers retailers to deliver smart, engaging, and connected shopping experiences. From interactive kiosks to dynamic digital signage, our intelligent retail solutions bridge the gap between online convenience and in-store engagement—helping businesses reduce costs, boost sales, and strengthen customer connections.

Our Advantages

Innovative Solutions

Feature-rich, future-ready retail computing systems

Reliable Quality

Industrial-grade durability and long lifecycle

Modular Flexibility

Fast customization with scalable, modular designs

System Integration

Comprehensive hardware/software support

Design-in Expertise

Value-added engineering to maximize satisfaction

Proven Experience

15+ years of retail technology innovation

Digital Signage Player Series

Elevate retail experiences with Axiomtek's DSP series — high-performance media players designed for video walls, digital menu boards, interactive kiosks, and directory displays. Featuring advanced graphics, versatile I/O, and Intelligent RDM software, these players make content management effortless while delivering engaging, real-time experiences to customers.

Digital Movie Board

Digital Signage Advertising Player

DSP302

Fanless Palm-sized Digital Signage Player

- Enables multi-display signage in tight installation spaces with flexible wireless options
- Intel® Celeron® processor N6210/J6413
- 3 HDMI 2.0 with 4K resolution support
- 4 USB 3.2 and 1 GbE LAN

DSP311

Fanless Palm-sized Digital Signage Player

- Provides compact dual-4K playback with flexible connectivity for space-limited signage installations
- Intel® processor N97
- 2 HDMI 2.0 with 4K resolution support
- 4 USB 3.2 and 2 GbE LAN

DSP521

NEW

Fanless 4K Digital Signage Player

- Delivers powerful multi-screen performance with fast, stable networking
- Intel® Core™ i5-1335UE and Intel® U300E
- 4 HDMI 2.1 (TMDS)
- 1 GbE LAN and one 2.5GbE LAN

DSP801 NEW

Compact Kiosk Controller with Extensive Connectivity

- High-Density I/O for retail, ticketing, and interactive applications
- LGA1700 13th/12th gen Intel® Core™
- Rich I/O design with 12 USB and 6 COM
- All I/O on one side for easy installation and maintenance

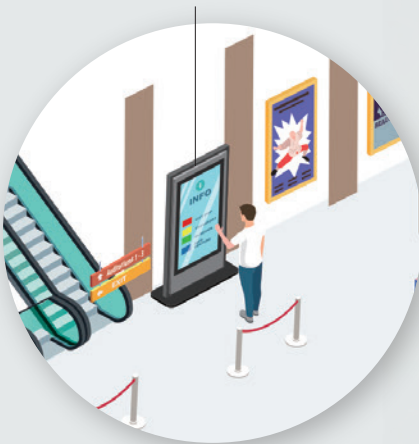

DSP810

POS System with Versatile I/O and Easy Maintenance

- Compact and durable design for retail, hospitality, and service environments
- LGA1151 9th/8th Intel® Core™
- Rich I/O: COM, LAN, and powered USB cash drawer (RJ12)
- Smart fan and filter design for easy maintenance

Wayfinding Interactive Kiosk

Self-Service Ticketing Kiosk

Kiosk Controller Series

Axiomtek's kiosk controllers power self-service kiosks, ticketing terminals, self-ordering stations, and hotel check-in systems with unmatched performance. Combining high computing power, low energy consumption, and extensive connectivity, they enable smooth operations and reliable service in modern, space-constrained retail environments.

Intel® Smart Display Module (Intel® SDM) Series

Maximize display potential with Axiomtek's Intel® SDM modules — compact, high-performance solutions for digital signage, interactive kiosks, POS, and video walls. The SDM Small (60 x 100 mm, max 20 mm thick) fits ultra-slim displays with ease, while the SDM Large (175 x 100 mm, max 16 mm thick) delivers superior graphics and flexible installation to support diverse industry needs.

LED Wall Mounted Display

SDM530L NEW

Intel® Smart Display Module Large (Intel® SDM-L)

- Delivers 8K multi-display with high-bandwidth for pro AV environments
- Intel® Core™ Ultra 7/5 with integrated Intel® Arc™ graphics
- Two 8K HDMI 2.1 outputs
- One 10GbE LAN

SDM520L NEW

Intel® Smart Display Module Large (Intel® SDM-L)

- Provides versatile AV connectivity with optional PoE for flexible installations
- Intel® Core™ Ultra 7/5 processors
- One 8K HDMI output and one 4K HDMI input
- One 2.5GbE LAN with optional PoE support

SDM510L

Intel® Smart Display Module Large (Intel® SDM-L)

- Offers flexible connectivity and AI acceleration for smart displays
- 13th/12th gen Intel® Core™ i7/i5/i3 or Celeron® processor
- 3 HDMI and 2 M.2 slots
- Supports Intel® OpenVINO™ and Intel vPro®

SDM310S

Intel® Smart Display Module Small (Intel® SDM-S)

- Delivers compact dual-4K performance with onboard storage for small-form-factor signage
- Intel® Celeron® processor J6412
- 128GB eMMC onboard storage
- Supports two 4K displays
- 2 Type-C (USB 3.2) and 1 GbE LAN

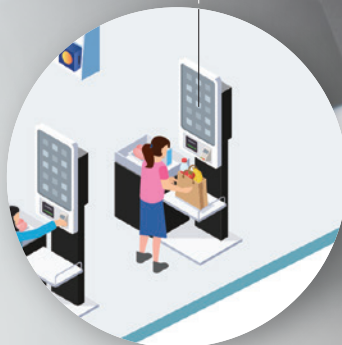

SSK725 (Axiompod) NEW

15.6" HD / 21.5" FHD Next-Gen Intelligent Self-Checkout Kiosk

- Delivers flexible self-checkout with cash, cashless, and high-speed scanning
- Portrait/landscape touch screen with distinctive LED indicators
- Modular design with flexible installation: countertop, floor stand, or extension rack
- Integrated cash handling and high-speed barcode scanner
- Supports RFID, thermal printers, optional weight scale, and credit card machine

Self-service Payment Kiosk

SSK724 (Matrix)

15.6"/21.5" FHD Cash and Cashless Kiosk

- Provides versatile self-checkout for cash and cashless payments in retail environments
- Portrait/landscape touch screen with distinctive LED indicators
- Flexible installation: countertop, floor stand, or extension rack
- Cash handling and integrated barcode scanner
- Supports RFID, thermal printers, optional weight scale, and credit card machine

SSK515 (CUBE)

15.6" Full HD Kiosk

- Offers a compact, upgradeable kiosk with flexible peripherals for retail needs
- Wide-view, ultra-slim (8.7 cm) LCD display with 256-color LED light bar
- Swappable Intel® SDM processor
- Supports RFID, barcode reader, thermal printer, EFT holder

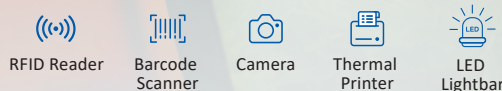

SSK723

21.5" FHD Cash and Cashless Kiosk

- Provides reliable cash and cashless self-checkout with seamless peripherals
- Distinctive LED light bars
- Integrated cash handling and barcode scanner
- Supports RFID and 2"/3" thermal printers

Self-Service Kiosk Series

Axiomtek's self-service kiosks deliver versatile solutions for retail and hospitality applications. From ready-to-deploy systems to fully customized configurations, they offer flexible installation options and seamless operation to enhance customer engagement and optimize service efficiency.

- Delivers a versatile, upgradeable touch-screen for any installation
- Swappable SDM CPU card
- Wide-view 10-point PCAP touchscreen with 16:9 aluminum bezel
- Flexible add-on modules for peripherals
- Supports countertop, wall-mount, and floor stand installations

ITC151

15.6" HD LCD Slim Bezel Modular Panel PC

- 220 nits brightness
- Slim bezel with a thickness of 33.5 mm

ITC211

21.5" FHD LCD Slim Bezel Modular Panel PC

- 250 nits brightness
- Slim bezel with a thickness of 46.3 mm

ITC241

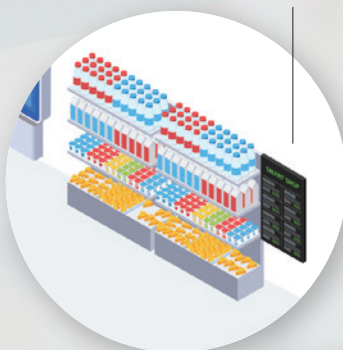

23.8" FHD LCD Slim Bezel Modular Panel PC

- 250 nits brightness
- Slim bezel with a thickness of 47.5 mm

Multi-purpose Promotional Display
